

ANTRS-180

Tripod Screen

Description

Anchor Tripod Projection Screen is ideal for indoor and outdoor presentations; this classic and reliable tripod portable screen combines precision with the elegance of a traditional design. Its Elegant lightweight will withstand the rigors of daily usage while black plastic handle design facilitates installation. Automatic screen locking, 360 degree rotatable rigid nickel plated square table support. Fabric based screen with Black coating that eliminates unwanted overspray of light that projectors often have. 1:2 Gain screen material is durable for every day applications and wide viewing angle for multipurpose applications. Diagonal size varies from 89" to 134" with 1:1 Format. Its sturdy, yet lightweight design is intended for those who are on-the-go and even those who simply need a solution for a projection screen that can be stored away in a garage or closet.
